

Rural Municipality of Meadow Lake #588 Policy

Policy #TS-005

Policy Title: Bridge Building

Policy Objective: To establish a policy for the purpose of building or repair of bridges within the RM of Meadow Lake	
Authority: Council Resolution #123/15	Dated: May 8, 2015

Background

1. The RM of Meadow Lake has many bridges, culverts and low level crossings
2. The cost to build, upgrade or rebuild bridges is very expensive and few to little grants are available from the Federal and Provincial Governments leaving the costs to be borne by the municipality alone.

Policy:

1. The RM of Meadow Lake #588 council will review each request for bridge upgrade or replacement or placement on a separate basis and will work in consultation with the Road Consultant and Manager of Public Works.
2. High Traffic Road
 - a. This would include any road from a Class 1 to a Class 7 road
3. Low Traffic Road
 - a. This may include any road that has a minimum of one (1) residence
4. Pasture access
 - a. Consists of property used for pasturing of livestock or being used as hay land.
